INNOVATIVE AIR-FOAM TECHNOLOGY

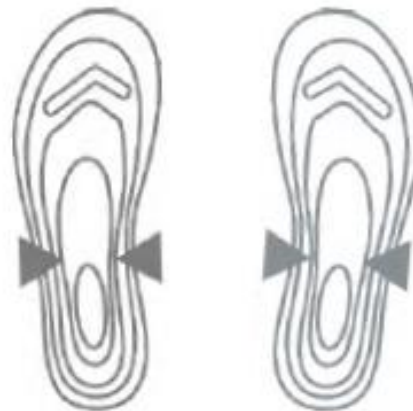

Featuring millions of tiny air bubbles, so soft and light, you'll feel like you're walking on cloud nine.

MOUDLED FOOTBEDS

SOFT, FLEXIBLE, WATERPROOF

FIRM HEEL CRADLE

WHOLE FOOT CUSHIONING

METATARSAL DOMES

ARCH SUPPORT

TOE-BAR GRIP

Introducing holster's durable, shock-absorbent EVA slide collection that's making waves in the footwear industry. 100% waterproof, the slides feature podiatry benefits including a sculpted arch, metatarsal dome and toe-bar grip, and deep heel counters and forefoot cradles to improve foot, ankle and lower-leg alignment.

Designed to encourage natural motion and spread, the EVA air-foam technology soles prevent inwards roll, flat feet and bunions, and are lightweight and comfortable when walking or standing. For the ultimate in convenience, the slides are 100% machine washable in cold water on a short cycle. Comfortable, mouldable, waterproof, non-slip and durable, contact our team to add EVA slides to your next beach-inspired order.

HOW TO CARE FOR YOUR HOLSTER

Our fashion-forward footwear appreciate a little TLC. Use warm water, mild soap and/or a soft cloth to clean them. Ensure all jewels, diamantes and/or embellishments are properly dried. Our espadrilles and padded insole shoes are not suitable for this approach, so need to be spot cleaned. Please do not use harsh chemicals on any of our shoes! They prefer being kept in the shade to ensure the colours remain vibrant.
